## Labor Council Supports Lake Park

Trades Body is Sending  
Letter Asking Kerner  
To Ok Project Funds

The Tri-City Trades and Labor Council pledged all-out backing last night for the Horseshoe Lake development program and urged Gov. Otto Kerner today to sign recently approved legislation appropriating \$400,000 as the first step in the project.

Edwin F. Reiske, president of the council, said a letter was sent to Gov. Kerner today expressing the trades council's request that the bill be signed. The appropriation measure cleared the Illinois Senate in its closing hours last week. It already had House passage.

Reiske also announced that he plans to introduce a resolution supporting the development program at the annual AFL-CIO state convention at Peoria in September.

The appropriation bill provides funds for purchase of approximately 1700 acres of the Horseshoe Lake area, 1500 acres of it in Lake bottom, in the first step in a program outlined in a report made to Governor Kerner earlier this year by the Horseshoe Lake Commission. The commission is headed by Henry D. Karandeff, Granite City banker who has spearheaded the project since its inception in 1955.

**World Develop 700 Acres**

The report calls for development of the Horseshoe Lake area of approximately 700 acres into a state park and conservation and recreation area.

Reiske said in his letter to Gov. Kerner:

"At a meeting of the delegates of the Tri-City Trades and Labor Council held July 5, representing 59 locals and a membership of over 23,000, a resolution was passed unanimously requesting and authorizing me to write to you and urge you to sign into law the Horseshoe Lake Park Bill, which has been passed by the House and Senate.

"The people of this area are greatly interested in the creation of this park. It will be a great asset to our people, both young and its improvement and preservation will reflect creditably upon you, the Legislature, and all of us who will share in its development.

"Your interest in conservation is well known and your favorable action in signing this bill will further enhance the well-being of the people of our great state."

**Refuse RIDC Report**

The Council also branded as false a report by the Regional Industrial Development Corp. of St. Louis that there is a "shortage" of apprentices in labor unions of the metropolitan area.

Delegates of various crafts that make up the trades council spoke on the report during the regular council meeting at the Labor Temple and maintained that labor unions have sufficient apprentices to meet any requirements of the area.

Reiske pointed out that the trades council rejected a month ago a request for endorsement of the RIDC report. There is no truth whatever to its allegations that labor unions have an insufficient number of apprentices to provide skilled workers for demands now and in the future," Reiske said.

**Deny Bad Image Charge**

"We also deny any truth to statements by Reid Ross, executive vice-president of RIDC, that (Continued on page 26, col. 7)

## Bi-State Bus Fares To Go Up Monday

Failure to Get State  
Aid, Large Deficit  
Responsible for Boost

Because of unsuccessful efforts to obtain state subsidies from Illinois and Missouri, Bi-State Transit System will initiate a new schedule of transit fares effective next Monday. It was announced yesterday.

The increased fare is necessitated by a growing deficit which stood at \$300,000 for the current fiscal year ended last Feb. 28 and a potential deficit of an additional \$300,000 for the current fiscal year, Bi-State officials said.

While there will be no charge in the basic rate of 30 cents for adults and 15 cents for children under 12 years of age in the central fare area, the new schedule will include all bargain-rate and fringe fares.

These will include:

Suburban basic (two zones) fares 30 cents for children under the present 25 cents; Express fare, 40 cents, up five cents from 35 cents; Weekly "Silver Pass," \$4.50, up 25 cents; Weekly "Discount Pass," \$2.50, up 25 cents; Suburban night charge, 10 cents straight, eliminating the current charge of 10 cents or two for 15 cents.

In addition, Weekly "Student Pass" charges are to be raised to \$2.25, up 25 cents from the present \$2, and individual Illinois student fares are to be raised to 20 cents, up five cents from the present 15 cents, but these changes will not be made until the latter part of August.

The 20-cent, up five cents from the present 15 cents, but these changes will not be made until the latter part of August.

## City's Clean Air Law is Changed - Hearings Sought

Industrial Committee  
Says City Code is Now  
Stronger than State's

Amendments to Granite City's air pollution control ordinance, which aldermen said will make the city law compatible with state regulations, were adopted Monday night and were questioned yesterday by the Clean Air and Water committee of the Manufacturers' Association of the Tri-Cities. The committee is pushing more stringent than state requirements.

The changes were approved on recommendation of the city's Air Pollution Control Board on a suspension of rules by council members.

William F. Hoelscher, executive director of the manufacturers, said yesterday the industrial engineers of the committee had not been advised of the changes to be made, and that a meeting will be held this afternoon to go over the amendments.

**Seek Public Hearings**

He said the committee will ask the council to reconsider its action of Monday night and to hold public hearings.

During Monday night's council session, three members of the city Air Pollution and Control Board were present but were not called upon to speak. Present were Commissioners Henry Bienecki, chairman; Theodore Macias and Burton Bernick.

Alderman Boyd, chairman of the council's Air Pollution Control committee, called for immediate adoption of the changes, pointing out the council had been advised by the clean air law to comply with state regulations.

## Sewer Revenue Bonds Cut Back to \$150,000

Revised at the insistence of Mayor Partney was the amount of the \$150,000 federal sewer grant to be used for construction of sanitary sewers. It was reset to the \$100,000 figure.

The resolution sets a public hearing on the issuance of revenue bonds and is to be held at 10 a.m. July 22 in the city hall.

At last Saturday's meeting, the amount of the federal grant for the sanitary sewer construction was pared to \$86,880, based on the engineer's estimate of share.

## 16 Local Union Members To Receive Certificates

Sixteen Quad-Cityans will receive certificates Saturday for completing a course sponsored jointly this spring by Southern Illinois University-Southwestern campus and the University of Illinois.

Entitled "Local Union Communication and Administration," the course was taught concurrently day and evening at Alton and Granite City in order to accommodate shift workers.

In charge of instruction were Robert Hawkins, associate professor of speech at SIU, and Allan Harrison, instructor in labor education at the University of Illinois.

"It is noteworthy," Hawkins said, "that the conduct of the course illustrated how faculty members from different disciplines, as well as different universities, can successfully team-teach. To my knowledge, this is a first for team-teaching by two instructors from two major educational institutions."

The certificates will be awarded at a banquet scheduled for 7 p.m. Saturday at the Stadium Hotel in East St. Louis.

Recipients are:

Michael J. Aramowicz, 3209 Harvard avenue; Gary G. Barnstable, 2835 West 22nd street; Dennis R. Cooper, 1931 Harris street; Jimmie Dumas, 220 Harrison street; Odell C. Green, 1136 Logan street; George L. Grimm, 2355 Benton street; Oscar L. Hampton, 1201 Douglas street; Peyton R. House, 2317 Grand avenue.

Ruebhausen, 4008 Rode avenue; August Sacadat, 2592 Boyle avenue; Leon M. Skaggs, 2201 East 24th street; Robert L. Wiggins, 2837 Dogwood drive.

## GC Council Plans To Boost Sales Tax By Quarter-Cent

Granite City council members gave their approval Monday night for preparation of an ordinance to boost the city sales tax a quarter of a cent, as authorized last week by the state legislature.

The ordinance is to be readied for adoption at the next regular council session. Similar action is expected to be taken by the cities of Madison and Venice and Pontoon Beach Village, which also have the half-cent municipal sales tax.

Alderman Morleien proposed the increase, commenting, "It's going to be collected anyway, so we might as well take advantage of the new legislation."

## Projects Discussed By Madison Rotarians

Madison Rotarians discussed possible projects and their 1967-68 club budget during a business session at yesterday's weekly luncheon meeting. New President Harvey Miller presided as the fiscal year began.

It was noted that the scheduled program chairman, William Mehl, was undergoing tests as a patient at St. Luke's Hospital, St. Louis.

Membership and attendance were reviewed and plans were made to host Rotary District Governor James Toft at Monmouth at the July 19 meeting. Annual committee reports currently are being prepared.

council Monday night included major items of \$187 payment to East St. Louis and Interurban Water Co. for June rental on 384 fire hydrants, \$145 paid to A. H. Seebold Co. as final amount to the trolley track removal along Adams street from Niedringhaus avenue to 21st street and \$1975 to Jack Huggins for auditing the city accounts and the sewage treatment plant account.

## Farm Column

By Warren W. Bundy  
Madison County Farm Adviser

### Wheat Harvest Slow

Farmers made slow progress on wheat harvest last week. Showers and high humidity kept moisture at 14- to 15 inches, and the standing wheat. Most farmers want the wheat down to 13 percent before harvest.

Some farmers will take the moderate market discount on wheat to avoid further risks of yield reduction from storms. Weeds are becoming a problem in a few wheat fields. Weeds, such as horseweeds, grow rapidly once the wheat matures and cause combining problems.

About one-fourth of the wheat in Illinois has been combined as of June 27, according to the Illinois Cooperative Crop Reporting Service.

Madison County farmers grow about 50,000 acres of wheat annually to produce 1.9 million bushels valued at over \$2.5 million. Much of this year's wheat crop still was in the field at the end of last week.

### Fencerow Weed Control

Excellent spray materials are available to control weeds in fencerows and other "wasteland" areas.

If the vegetation is mainly broad-leaved weeds, use 2.4-D at the rate of 1/2 to 2 pounds applied in 10 or more gallons of water per acre. Two miles of fencerow four feet wide is equivalent to about an acre.

If the vegetation is mainly woody plants, use a mixture of 2,4-D and 2,4,5-T.

For grass control, such as Johnsongrass or foxtail in the fencerow, downop may be used with 2,4-D for control of both broad-leaved weeds and grasses. Five to 8 pounds of downop in 20 to 40 gallons of water per acre is the rate.

Grasses should be sprayed before seed heads form. Use only 2,4-D where the fencerow vegetation is mainly broad-leaved weeds and desirable grasses.

Algae—also called water bloom and pond scum—can be controlled in farm ponds with copper sulfate. Such treatment is fairly inexpensive. Copper sulfate is not toxic to fish or other animals when used at recommended dosages.

Algae are small, primitive plants. In many waters, particularly in hot weather, these plants multiply at tremendous rates and accumulate in very large numbers.

"Water bloom" caused by plankton algae makes water appear soupy green or brown. To control such algae, treat with a solution of copper sulfate at a dosage of 1.0 part per million for the upper two feet of water only. This would require 5.4 pounds of copper sulfate for each acre of water. The total amount of copper sulfate needed can be weighed out and dissolved in enough water that will give complete coverage by the spraying equipment.

Pond scum, caused by filamentous algae, should be treated with a saturated solution (all the copper sulfate that will dissolve in a given volume of water) directly on the affected area. This should be applied so the concentration in the water will not be more than 1 part per million (2.7 pounds per acre foot).

Copper sulfate is highly corrosive if allowed to stand in contact with metal, so the copper sulfate crystals or flakes should be mixed with water in a wooden, painted, enameled, or copper-lined container. Wash all equipment after use.

When algae growths completely cover the water, only part of the lake should be treated at one time to avoid a fish kill due to oxygen depletion. This oxygen depletion will result from decaying algae.

Several herbicides for controlling pond weeds are on the market. There are many different kinds of pond weeds. A given herbicide will control certain pond weeds and not others. So you need to know the kind of weed to decide what chemical to use.

Pictures of the most common pond weeds are printed in a State of Illinois Division of Fisheries circular entitled "Aquatic Weeds." Control measures for each kind of weed are listed in the 52-page publication. Ask your farm adviser for a copy.

Teams in the Madison County 4-H club softball league started play in June on Monday, Tuesday and Thursday nights on the lighted diamond at the Firemen and Legion Park in Alhambra, according to Chuck Rayburn, assistant farm adviser.

Two games are scheduled each night, with the first game starting at 8 p.m. Play will continue until Aug. 15.

Games are under supervision of the county 4-H club softball association of which Roger Pfeiffer, Edwardsville, is the elected president and Dennis Greenwood,

## Francis M. Kaar, 55, Alton Executive, Dies

Francis Mansfield Kaar, 55, executive director of the Greater Alton Association of Commerce, died at Alton Memorial Hospital on Tuesday after an illness of two months. Mr. Kaar was well known in the Quad-Cities.

Funeral services were held this morning at the First Presbyterian Church in Alton, with burial taking place in Alton Cemetery. Mr. Kaar had been with the Alton association for 11 years. He had been ill with cancer and underwent surgery two weeks ago.

Prior to his position in Alton, Kaar was with the Chamber of Commerce at St. Paul, Minn. During world war II, he was a captain and an Army supply officer.

His C. of C. activities included being a director and president of the Illinois Chamber of Commerce Executives, membership in the Metro East Chamber of Commerce Association, adviser to the Southwestern Illinois Metropolitan Area Planning Commission when it was formed, member and vice-president of the Illinois Tourism Council and membership on several committees of the American Chamber of Commerce.

Survivors include his wife, Sylvia; a daughter, Susan, and two sisters, Mrs. Burt Johnson, San Jose, Calif., and Mrs. Charles Syverson, Detroit Lake, Minn.

## License Suspensions For 4 Area Motorists

Secretary of State Paul Powell announced today that the drivers license division of his office has suspended driving privileges for four Quad-City motorists for reasons of three violations.

The suspensions were ruled for Joseph L. Becker, R. R. 1, Route One, Woodrow J. Luter, 1559 State street, and Richard C. Taylor, 2223 Benton street, all of Granite City, and Jessie L. Parron, 607 Mercedia street, Madison.

Hoelscher pointed out that a ruling handed down recently by Illinois Atty. General William Clark states: "It is my opinion that, generally, so long as an ordinance does not permit that which the state enactment pro-

hibits, or prohibits that which the state enactment permits, no conflict exists between the state enactment, rule or regulation and a municipal ordinance or regulation."

They added that the board and its technical secretary gave a lengthy study prior to development of the amendments, "which are compatible with state regulations."

### Tri-City Park Safety Rules Listed for Vacation Driving

MRS. LEGLA TUCKER  
1234 Edwardsville Road  
TR 6-7227

Mr. and Mrs. Glen Lowe and daughter, Beverly, 1232 Edwardsville road, are on a vacation trip, camping on the Current River near Doniphan, Mo.

Mrs. Mary Jo Burns and son, Larry have been visiting here from California with her parents, Mr. and Mrs. Joe Jones and daughter, Donna, of Meridian street and other relatives.

ASSIGNED OVERSEAS  
Airmen Ufo Rhea E. Davis, son of Mr. and Mrs. Lawrence E. Davis, 2041 Rhodes street, Madison, who had been home from the Grand Forks, N. Dak., Air Force Base in June for 30 days, has flown to San Francisco, Calif., to be assigned to the 389th Combat Defense Squadron for 18 months of overseas duty. His APO number is 96334, San Francisco.

Mr. and Mrs. Andrew Davis and Mrs. Pearl Pyles of Rhodes street went to Joliet, Ill., to visit Mr. and Mrs. Henry Pyles. They returned home Monday.

"Whether your vacation plans include an automobile trip or not, you will probably be doing a lot of driving during the summer," Raymond D. Christman, president of the Quad-City Safety Council said today. "The happy motor trip will include road maps, children's laughter, picnics, parks, special tours, motel stays, in less than a second, all the joy may be gone forever, if you are involved in a traffic smashup."

Christman advised drivers to follow the principles of safe driving listed below to make this summer unmarred by accidents or injuries:

**Drive Defensively**  
Expect the unexpected. Be prepared to compensate for the driving errors of others. Remember, even good drivers will sometimes do foolish things which could cause an accident. Be alert behind the wheel.

**Drive Courteously**  
Let the other driver have the right-of-way even when you know you are right. Be courteous on the road as you are at the dinner table.

**Drive Skillfully**  
Most people know the rules of

good driving, but don't take the weather, road, other traffic, to use them. Put all your driving skills into practice every time you drive.

**Drive with Self-Control**  
Don't drive when you are highly irritated, tired, or if you have been drinking. Don't daydream, and if you are on a long steady stretch, watch out for highway hypnosis.

**Drive with a Safe Car**  
Have your car safety-checked at regular intervals. Make sure it is in good mechanical condition before starting that vacation trip. Pay special attention to brakes, steering mechanism, tires, windshield wipers, rear view mirrors, lights and horn.

**Obey the Rules of Traffic**  
Remember, traffic laws were enacted for your protection and to harass people who drive. Imagine the confusion if all drivers obeyed the traffic rules all the time. In nearly every accident, one or more drivers disobeyed the traffic rules. Adjust your speed to the condition of

### MORE ABOUT Bi-State Bus

cessity of increasing fares. Recognizing the vital importance of maintaining good transit service, many other states and local government agencies throughout the country are proving financial assistance to their transit systems.

Used as Matching Funds  
"In turn, these systems are able to use such grants as matching funds to obtain federal aid, generally on a \$2 for \$1 basis, under the Urban Mass Transportation act."

The Bi-State Transit System, it was pointed out, "is practically the only large system in the nation that must obtain all of its revenue from the fare box. The transit operations in New York City, Chicago, Philadelphia, San Francisco, Boston, Los Angeles, Pittsburgh, Dallas, Memphis and others, all receive financial help from some government agency."

"Unfortunately," the spokesman continued, "our efforts to obtain the necessary financial assistance from the states of Missouri and Illinois have not been successful. Thus, we have no choice but to make some increases in rates as a means of balancing our budget. We sincerely regret that these rate changes must be made."

The Bi-State Transit System sought a subsidy of \$400,000 from Illinois and \$600,000 from Missouri (because a larger part of the system lies within Missouri) but failed to win adoption of the Missouri funds.

Illinois approved a bill to provide its \$400,000 share, but made the allotment contingent upon approval of the Missouri subsidy which did not clear the legislature before adjournment last week.

### Delinquent Assessment Made on Drainage Tax

The 1966 assessment of \$2 per lot on urban land or \$5 cents per acre on farm land in the Chouteau-Nameoki-Venice Drainage and Levee district has been certified and if not paid by August 1 will be delinquent to the county treasurer for addition to tax books, it was announced yesterday.

The assessment is used to maintain and operate flood control pumps and for maintenance of drainage ditches. Announcement of the new assessment of delinquent bills was made by members of the district's board of commissioners, Steve Novosel, Howard Kelsa and Leonard Schafer.

Payments may be made to 900 block of Niedringhaus street.

### Windshield Damaged

Betty Welsh, 3001 Dale avenue, reported to police yesterday afternoon that as she was driving north on Nameoki road, a group of youths in an auto left the cemetery and she heard either a shot or a firecracker as they went by her car. Later she discovered a hole in the windshield of her auto.

### Hit-Run Accident

A car driven by Mario Delamonte of St. Louis county was damaged on the left side at 6:20 p.m. Tuesday when a hit-run driver swerved his car in the block of Niedringhaus

## Find Baby's Body In Trash Barrel

The body of a small, newly-born baby, weighing about one and a half pounds, was found in a Venice trash container late yesterday afternoon.

Police said the baby apparently had been born prematurely, but that they could not determine whether it had been born dead or alive. Officers said the body was discovered apparently within a few hours after it had been placed in a public trash container in front of a car wash at 424 Broadway.

Madison County Coroner Leonard Davis said the baby would be examined today by a physician in an attempt to establish its race and stage of development. Police said the body apparently was that of a boy.

The body was in a hospital waste can liner and a white hospital bag, both of which were identified by St. Elizabeth's Hospital authorities as the type used at the hospital.

## Legion Loses At Belleville, Files Protest

American Legion Post 113 lost another heart-breaker to arch-rival Belleville 42 there last night in a game played under protest and marked by a heated exchange between the opposing managers.

Granite City will host Fairmont City at 6 p.m. Friday and visit Edwardsville at 8 p.m. Tuesday, July 11.

The protest was lodged in the third inning when Granite City Manager Bill Turpenoff came out on the field to tell the plate umpire that Belleville pitcher, Jim Krenmel was an ineligible ball player.

Turpenoff said that according to the rule book, Krenmel could not pitch for Belleville or any other team in the league except Dupo, which he pitched for last year, and which had exclusive rights to him.

Earlier in the week, Turpenoff had lodged another protest over the same matter.

Belleville Manager Bernie Elser, who was coaching on the third base line when Turpenoff protested last night, came down the line and started "name-calling."

"You sound like a broken record," Turpenoff quipped Elser as saying, "Belleville had its 42 lead at the time and Krenmel was still pitching."

Meeting Sunday  
A meeting has been called for Sunday with the district chairman, Carl Tize, to determine whether this game will be held at Belleville, in which Krenmel must pitch for Granite City.

If the protest is accepted, quite a shake-up in the league standing might result, since he has been Belleville's best pitcher with a 4-0 record. Belleville is tied for the league lead with Fairmont, each with a 7-2 record. Granite City is sixth with 3-6.

Once again Post 113 was plagued by erratic play. Nine walks and three errors largely accounted for Belleville's four runs.

In the second inning after two

## 10-9 Win by Morris In High School Loop

Morris Realty edged Granite City Sheet Metal 10-9 and the Raiders beat St. Margaret Mary 13-9 in the slow pitch softball High School Softball League at St. Patrick yesterday.

Dave Snelson doubled in the seventh to score two needed runs for Morris, which totaled 14 hits. Rich Poell honored for Sheet Metal, which collected nine hits.

Jim Stuart and Bob Johannpeter both had homers for the Raiders in a 15-hit attack. St. Margaret Mary totaled 12 hits.

Granite City pitcher Jim Becker, whose only problem is controlling his blazing fast ball, walked two men, allowed a single which scored a run, and walked two more, which forced in a second run.

Pitching Change  
Becker was lifted in favor of Steve Lengyel, a crafty curveballer who has yet to allow an earned run in 21 innings pitched. Lengyel struck out the first batter he faced to retire the side.

Belleville scored twice more in the next inning when the leadoff man doubled, the next man walked and the ball was thrown wildly into left field on a double steal attempt, with one runner scoring. The other man advanced to third and then scored on a balk.

Lengyel breezed the rest of the game, but, except for the fourth inning, Granite City was unable to get to Krenmel.

Greg Patton opened that inning with a walk and raced all the way home when Larry Ripka sliced through the centerfielder's legs. Ripka was cut down trying for third, but the next batter, Jones, walked. He advanced to second on a fielder's choice and crossed the plate when Krenmel threw wildly to first after fielding a third to the mound.

## Regional Slow Pitch Tourney This Weekend

Pairings for the Amateur Softball Association regional slow pitch tournament at Wilson Park, for the first segment July 8 and 9, were announced today.

Fourteen teams will compete, beginning Saturday at 10 a.m. when Illinois Power plays Fairmont City at 11 a.m. and Sam's Tavern meets Dairy Master at 1 p.m.

Medison Honorary vs. Zips is the billing for Game Four at 2 p.m. The Raiders and Rozycki will meet at 4 p.m. and Columbia, Ill., at Game Six at 4 p.m. to wrap up Saturday's contests.

Play opens Sunday at 1 p.m. with Tony & Joe's vs. the winner of Game 1. Tony & Joe's drew a bye because its players are the defending regional champions. Last year, the team's name was Buzz's Tavern.

At 2 p.m. Sunday in Game eight, the winners of Games Two and Three will play. Games

Four and Five victors will clash at 3 p.m. and the winner of Game Six will play Community Heights, third-place finishers in last year's regional.

The tournament will resume July 15 and end July 16, with the top four teams advancing to state finals July 22 at Caseyville.

Letter from President  
For Mrs. Richardson  
Mrs. Minnie Richardson, 1813a Delmar avenue, who will celebrate her 100th birthday at a reception and open house to be given by her family at the Rose Bowl from 2 to 4 p.m. Sunday, received a card of congratulation this morning from President Lyndon B. Johnson.

The message read: "My sincere congratulations upon your birthday. May good health be yours through many more happy years." It bore the seal of the United States and the signature of the president.

Michigan Firm Using GC Warehouse Service  
A regional warehousing system of new systems, recently placed in operation, has been established by Amway Corporation of Ada, Mich., with Vandallia Warehouse, Inc. in the Granite City Industrial Center, it was announced today.

The Amway firm, which now has warehouses in 33 cities in the U.S. and Canada, distributes items of home products such as soaps, cosmetics and other household items. A spokesman of the Vandallia company, a public warehousing firm, said Amway storage requires about 5000 square feet of floor space.

The Vandallia firm leases about 150,000 square feet of warehouse space in the Industrial Center, here in the old Nesco building, 1100 Niedringhaus avenue.

Patrick's Hurt in Boat Mishap at Ozark Lake  
A freak boating mishap this week at the Lake of the Ozarks resulted in minor injuries to a local couple and total loss of their 17-foot inboard pleasure craft.

Mr. and Mrs. Edgar Patrick, 3819 Ponton road, vacationing in the Missouri recreation area, were cruising along in their boat when a spark leakage apparently ignited by a spark causing the inboard engine to explode and the craft to burst into flames.

Mr. Patrick who was seated on the engine cover was ejected into the water. She is unable to swim, but fortunately was equipped with a life-jacket. Her husband, a strong swimmer, quickly dove into the water and supported his wife until other boaters in the vicinity assisted them to shore.

Patrick sustained minor burns to his hand and forearms while his wife suffered several bruises. Their pleasure craft was determined to be a total loss.

## Verdict of Accidental In Shemwell Drowning

A coroner's jury returned a verdict of accidental drowning in the death of Donald Shemwell, 17, of 2127 Lee avenue, one of three persons drowned June 22 in the Hartford Canal. Madison County Deputy Coroner Alvin Cease conducted the inquest last evening at the Pieper Funeral Home.

Also losing their lives in the triple tragedy were Miss Patricia Wilkinson, 17, of 2107 Fourteenth street, a companion of the Shemwell youth, and Michael George Urban, 26, of Edwardsville, who attempted to rescue the teenage couple.

Other deputy coroners will conduct inquests for Miss Wilkinson and Urban.

## Golden Jubilee Fete For Sr. Mary Plus

Sister Mary Plus, O.S.U., the former Julia Roth of Granite City, celebrated her Golden Jubilee this week at the Ursuline Motherhouse in Springfield.

Mass was said in her honor at 10 a.m., and dinner was served to the Jubilarian and her immediate family. Those attending the event were Sister Mary Catherine (Roth) O.S.U., of Springfield, Mr. and Mrs. Frank Schwarzkopf, Mr. and Mrs. Francis Schwarzkopf and children, Jean, John, Mark and Frank of Granite City, Mrs. Teofil Sadrakula of Madison, and Mr. and Mrs. Thomas Meyer and Mrs. Marie Meyer of Edwardsville.

Sister Plus taught at both St. Joseph and Sacred Heart parochial schools here for several years.

#### William C. Bandy, 88, Dies; 53-Year Resident

William Curtis Bandy, 88, of 2305 State street, a local resident for more than 50 years, died at 6:45 a.m. Tuesday at St. Elizabeth Hospital. He had been ill about ten days and was hospitalized the same length of time.

Prior to retirement several years ago, Mr. Bandy was employed as a laborer at Granite City Steel Co. He was born at Roodhouse, Ill., and had resided 53 years in the Quad-City area. Mr. Bandy was a member of Central Christian Church, Masonic Lodge 35, International Order of Odd Fellows and the Rebekah lodge.

Surviving is his wife, Mrs. Bernice Bandy.

Funeral services were held this afternoon. Arrangements are given in today's obituary column.

#### Warren Ave. Curb Job Bid Fails to Get Approval Vote

Proposed construction of curbs and gutters along the west side of Warren avenue from Faith to St. Clair avenue failed to get sufficient vote for award of a contract during Monday night's Granite City council session.

Bids for the project were \$7140 by A. H. Seebold Co., \$8375 by Thomas Skerle Co. and \$9616 by General Contracting Co. When the bid call was approved two weeks earlier, Alderman Fry had noted that a drainage line was to be installed along Warren avenue under the city's bond issue sewer program, and he repeated the warning after the bids were presented Monday by Alderman Parmley.

Alderman Bartosiak urged this afternoon. Arrangements are given in today's obituary column.

The city was advised by the project engineer had not yet set approval for an addition \$25,000 whether it would be along the curbline or in the middle of the street. Parmley called upon the city engineer, Kenneth Kleber, who said it was unlikely for the drainage line to be installed along the curb.

Voting for award of the contract were Aldermen Boyd, Poulos, Green, Parmley, Jarrett, Robertson and Dawes, while those opposed were Bartosiak, Whitmer, Rutledge and Fry. The matter came up late in the meeting, after Aldermen Moerlen, Dallas and Noon had left for work.

Parmley made three attempts to gain approval, but each time was short of sufficient support.

#### Hydrant at New School

The city was advised by the Pontiac Beach Public Water District that it would be serving the new Paul A. Grisby junior high school building and would install a fire hydrant at the school at no charge to the city. The school is under construction in the Pontiac Beach area, and the tract has been annexed to Granite City so that sanitary sewer facilities would be available. The water was referred to the school board.

Placed on file was a letter from Bi-State Transit Co. asking the city to either consider a subsidy for the company or approval of fare increases in the event funds are not available from the states of Illinois and Missouri.

Alderman Rutledge asked that owners of the old Miraflores Co. building at 24th and Adams street be advised to either complete repairs to the structure or tear it down. "I know they are planning to reopen the plant, but the structure is unsightly and nearby residents are complaining."

Approval was given for side property line variances at two locations. Both were authorized by the Zoning Board of Appeals. The variances were approved for Robert Rongey for a storage shed at 2704 State street and Walter Sons for a carport at 2304 Grand avenue.

City Atty. Allen was asked to prepare a resolution requiring five years residency in Granite City for anyone applying for a city job.

Letter from Sparks  
Placed on file and referred to the Street committee was a letter from Martin Sparks, who has the contract for maintenance of city vehicles.

Last week several aldermen complained that an oil price was too high and that the station did not have proper equipment for changing tires on city street department trucks.

In answer, Sparks said only one vehicle, the sewage treatment plant station wagon, was using the expensive oil and that the grade had been specified. Sparks added that his station is as well equipped as any in the area, and that the two-hour trip of a street department truck mentioned last week was necessary because the truck had been driven on a flat tire and the valve stem had to be changed.

He added that after the tire was changed, it stood at his station for 45 minutes before being picked up.

Sparks added that when he began greasing city vehicles, he noted a number of fittings were frozen and had never been touched. He said that he was stopped from putting grease in the street sweeper, resulting in a breakdown that cost several hundred dollars to repair. He suggested the city compare his prices with old tickets and added that his attendants spent 10 minutes each day just checking over police cars—a service for which there was no charge.

Calvin Payne, 19, of St. Louis was issued two arrest tickets early Tuesday at 20th street and Madison avenue by Granite City police who charged him with operating a motor vehicle without a driver's license and without valid state license.

Venice firemen were called at 8:30 a.m. Tuesday to a weed fire at Market and State street. Firemen were at the scene 15 minutes and reported there was no damage.

#### Area Wheat Harvest About 50% Completed

Averaging an intake of 300,000 bushels per day, the Carrell grain elevator at Pontiac Beach is now in the peak of the wheat harvesting season with approximately 50% of the area crop in. Donald Wozniak, superintendent of the local elevator, reported that about 1½ million bushels have been received since June 22. He added that another 1½ million bushels will be received within the next week. Maximum capacity of the conical elevator is three million bushels of grain.

The elevator has been emptying an average of 400 trucks a day, arriving from a 160-mile radius, during rush periods which are expected to slacken this weekend.

The approximate price of bush-

wheat is lower this year if comparing July 5 market prices in both 1966 and 1967. Soft wheat currently markets at \$1.42½ to \$1.43½ per bushel while yellow hard wheat markets at \$1.56½ to \$1.57½. Last year soft wheat was \$1.78½ per bushel and yellow hard wheat was \$1.89½ per bushel, according to Carrell representatives.

#### Man Beaten Near Lake

James Kiemeel, 37, of Washington Park, was reported in satisfactory condition in St. Elizabeth Hospital today where he was taken Monday suffering injuries reportedly received in a beating near a tavern in the vicinity of Horseshoe Lake.

Sheriff's deputies said there were several different versions as to how Kiemeel was injured. One of them sheriff's reports said, was that Kiemeel became involved in a fight with a man who knocked him to the pavement in front of the tavern. Kiemeel's wife told deputies her husband was beaten by men armed with blackjacks while Kiemeel's brother-in-law, Gary Wicks, of Washington Park, was restrained by several other men. Both Wicks and Kiemeel live at 1759 North 58th street, Washington Park, deputies said. No arrests have been made.

### WATCH AVE. CURB JOB DID FAIL TO GET APPROVAL YET

Proposed construction of curbs and gutters along the west side of Warren avenue from Faith to St. Clair avenue failed to get sufficient vote for award of a contract during Monday night's Granite City council session.

Bids for the project were \$740 by A. H. Seebold Co., \$525 by Thomas Seale Co. and \$615 by Seebold Contracting Co.

When the bid call was approved two weeks earlier, Alderman Fry had noted that a drainage line was to be installed along Warren avenue under the city's bond issue sewer program, and he repeated the warning after the bids were presented Monday by Alderman Parmley.

Alderman Bartosiak urged holding up the project for one year. Parmley called upon the city engineer, Kenneth Kleberger, who said it was unlikely for the drainage line to be installed along the curb.

Voting for award of the contract were Aldermen Boyd, Poulos, Green, Parmley, Jarrell, Robertson and Dawes, while those opposed were Bartosiak, Whitmer, Rutledge and Fry. The matter came up late in the meeting, after Aldermen Moerlein, Dallas and Nunn had left for work.

Parmley made three attempts to gain approval, but each time was short of sufficient support.

Added MFT OK'd

The city was advised by the state highway department of its approval for an addition \$25,000 allocation of motor fuel tax funds for the improvement of 400-foot curbs and gutters along the sections of Garfield, Cottage, Lindell and Clark avenues immediately east of Nameoki road. The total allocation for the project now is \$65,000.

In miscellaneous business, the council approved payment of \$303 to R. Dron Electrical Co. for repairs to a traffic signal at 26th street and Madison avenue that was damaged early this year.

Alderman Whitmer said payment had been help up in an effort to collect the amount from the parties involved in a traffic accident that resulted in damage to the signal. He asked that the city attorney get data from the police department and proceed to get the reimbursement.

## Council As Appeal Board Oks Permit For Electric Firm

Sitting as an appeal board Monday evening prior to the start of a regular council session, Granite City aldermen heard an opinion that certain aspects of the city's electrical code are invalid and then voted to instruct City Electrical Inspector Edw. Brando to issue a construction permit to the Matejka Electric Co.

The hearing lasted 35 minutes with the electrical firm, which is registered in Alton, represented by George Filcoff Jr., former city attorney, who stressed that state statutes require an electrical contractor to register in only one municipality. The Matejka firm is registered in Alton.

Filcoff also stressed that Granite City's registration fee of \$50 is double the limit set by the state, and he challenged the legality of the requirement of an examination for contractors wanting to do business in Granite City.

**Code to be Reviewed**  
In ordering the permit to be issued to Robert L. Matejka, the council also instructed City Atty. Allen to review the city code for compliance with state statute.

Mayor Partney contended the registration at Alton does not cover contractors wanting to do business in Granite City since another state statute gives policing powers for municipalities with electrical commissions.

Atty. Allen agreed that the policing power may include the requirement for a contractor to take an examination, but Filcoff pointed out that the state law specifies a six-member commission, while Granite City has only five commissioners and is not in strict compliance.

With the council vote for issuance of a permit, Mayor Partney told council members, "believe, gentlemen, you have just killed all electrical inspections in Granite City. Now anyone can go to Alton and register and get a piece of paper that will permit them to do business anywhere in Illinois."

**Penalties Also Too High**  
City Atty. Allen, during the course of the hearing, advised council members to authorize issuance of the permit, based on the error in the city code in setting the \$50 registration fee instead of \$25, and also because the penalty clause in the code also is in excess of state limitations. The city code now specifies fines of \$300 to \$1000 and a two-day jail sentence. Ordinances for plumbing and heating were revised recently to lower the penalties in compliance with state laws.

Partney stressed that the city of Alton does not require examinations to be taken by electrical contractors. "My findings, based on information I received today from the state board, are that the registration in Alton does not hold water here because we have an electrical commission."

Allen noted the code does not have a "saving clause," and that with the error in the inspection fee, the entire code could be found invalid.

The council voted unanimously for issuance of the permit. The firm is to be a subcontractor for James Green Construction Co. that is building the 32-unit Sir John Court apartments at 2700 Center street.

Partney advised the council that an injunction suit was on file against the city, the mayor and electrical inspector. City Atty. Allen was instructed to file a motion for dismissal since the Matejka firm is getting a city permit.

## Madison Building for June Totals \$39,650

Three building permits for construction work valued at \$39,650 were issued in Madison during June, according to records in the office of Comptroller E. J. Miller.

Largest project is the construction of a four-family brick apartment building for which a permit was issued to the Turner Construction Co. The building is estimated to cost \$24,000 and will be built at Kennedy street and McCambridge avenue.

Permit for construction of an ice cream stand at 1828 Sisen street was issued to James Green Construction Co. It will cost \$15,000. Permit for installation of new siding on a residence was granted to John Bellcoff, 1013 Grand avenue.

## Two Minor Fires In Long Lake Area

Only two fires, both minor, were reported in the Long Lake area over the holiday. Fire Chief Jack Harper said today.

Both fires occurred on Tuesday. One was a flare up at 3600 Pontoon road in the engine of an auto, apparently caused by a backfire.

The other fire was at 4800 Maryville road, where a wheat field which caught fire was allowed to burn itself out, Harper said.

## Man's Body Found At Base of Highline

The body of a man tentatively identified as Sam Miller, 76, of Wilson, Ark., was found along the base of the Terminal highline in Venice about 9 a.m. yesterday, apparently the victim of a fall from the top of the trestle.

The body was seen from atop the trestle by workmen who called Glen Knight, trainmaster. Knight notified Venice police who reported they found a sack of clothing and personal items and a walking stick on top of the highline. The body was discovered about 800 feet east of Fourth street in Venice.

The victim was identified from a 1964 fishing license found in his pocket. Papers also were found listing several other addresses. Police are attempting to locate relatives.

## Ebersold in Hospital

William M. "Mike" Ebersold, city clerk of Venice and a trustee of the East Side Levee and Sanitary District board, is in Missouri-Pacific Hospital, St. Louis, undergoing a series of tests. Members of his family said Ebersold entered the hospital after suffering a series of chest pains. It was not known today how long he will be hospitalized.

## GC Aldermen Meeting Tonight to Decide On Special Improvement Project Budget

Granite City's second special session for the 1967-68 budget is scheduled for 8 o'clock this evening and is expected to be devoted to special improvement projects for street work and drainage.

The special meeting was called today by Mayor Parney on recommendation made by Alderman Rutledge, chairman of the Finance committee. The council did not have time during Monday night's regular meeting to get to the budget.

At last Thursday night's special budget session, the total figure was set at \$2,347,404 with out any of the special improvement figures included. Comptroller Robert Stevens is continuing today to tally the cost figures on the projects outlined by council members during the past several weeks.

Last year's budget totaled \$2,340,148 and included special improvement projects totaling \$130,485. This year's special projects total is expected to be higher, despite pleas for economy by Alderman Rutledge, who has been stressing the dwindling re-

serve in the city sales tax account.

A breakdown comparison of the proposed new budget—subject to revision at tonight's meeting—and last year's budget follows, with the new budget figure listed first:

General administration, \$144,301 and \$108,026; police department, \$347,057 and \$352,800; fire department, \$381,080 and \$310,125; street department, \$269,818 and \$283,790; arterial streets maintenance, \$109,946 and \$107,677.

Pumping station, \$6000, same; humane department, \$12,000 and \$12,612; interest and judgment, \$60,000 and \$55,180; inspection department, \$34,429 and \$26,920; contingent fund, \$15,000 and \$20,000.

## Still at Break-In Stage

## Steel Mill Official Says Precipitators Being Tested

Granite City council members order to reach the level of efficiency for which the precipitators are designed.

"At that point, we will be removing more than 99% of the dust leaving the furnaces."

"We have been asked why our gas cleaning system did not start off at full designed efficiency. It is simply not in the nature of an installation this large and complex which involves a variety of machinery and a number of separate although inter-related processes."

"The temperature of the dust laden exhaust gases from the furnaces approaches 3000° F. The volume is about 1,000,000 cubic feet a minute. We must cool the gas almost immediately with a tremendous controlled flow of water."

"We then have not quite five seconds in which to remove the dust while the gas flows through the precipitators."

"Equipment the same as ours is meeting all code requirements at other basic oxygen furnace plants. Our facilities will do the same as soon as we complete the many adjustments which can be carried out only when the system is operating and as soon as our operators gain the necessary experience."

"We are as anxious as anyone to reach full efficiency with this gas cleaning system which represents a \$3,500,000 investment on our part, and we will again report to the council when further progress is made."

## SIU-SW Workshop Designed For Area's Technical Needs

Preparations are continuing at a solution and will determine Southern Illinois University— which educational institutions Southwestern campus for a two-week summer workshop which will focus on meeting the technician needs of business and industry in the immediate area. Scheduled to be held between Aug. 14-25, the "Occupational Education" workshop will emphasize occupational training as

essor in SIU-SW's teacher education and curriculum faculty, who will coordinate the workshop, said today that authorities from national, state and local levels will take part. He pointed out that afternoons will be devoted to tours and field trips to nearby industries and schools.

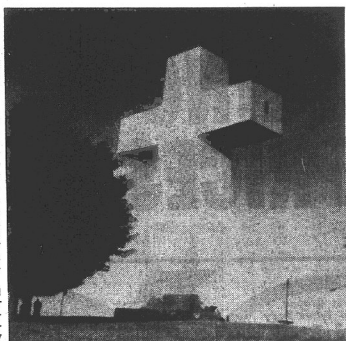

One of the most prominent lecturers will be Kenneth G. Skaggs, specialist in occupational education for the American Association of Junior Colleges. He will be among more than 15 consultants who will talk.

Although the workshop will be concentrating on deficiencies in the metro-east area, it also will examine training conditions and technician shortages in other nearby communities in southern Illinois and Missouri, the coordinator said.

For persons wishing to enroll for credit, tuition cost is \$26 for Illinois students and \$91 for non-resident students. Those enrolling on a conference basis pay \$25. Registration will take place at the first session Aug. 14. Further information may be obtained by calling Boss at 692-2126.

## Rural Mail Carrier Led Drive for Cross

GLEAMING, 111-FOOT WHITE CROSS on Bald Knob near Alto Pass in southern Illinois can be seen for miles, sparkling from the sun by day, bathed in floodlights by night.

Pigs are pigs but in southern Illinois sometimes they are philanthropists. About 1500 of them have lived—and died—to help raise funds for the erection of the Bald Knob Christian Foundation Cross that now stands 111 feet atop the tallest hill in Illinois, near Alto Pass.

The "pig campaign" came about when Wayman Presley, a former rural mail carrier who has spearheaded the building of the giant cross, received a letter of 21 baby pigs in lieu of a cash contribution.

The litter itself was a near-record event and had received a lot of publicity, so when the farm family decided to contribute their famous swine family for what could be raised through it, Presley took advantage of it all.

Chain Letter-Like Results He offered each baby pig to any farmer who would take it, raise it to maturity and then give him back a share in its progeny. The plan worked like a living-chain-letter.

Presley got back 1500 marketable pigs from the original litter of 21 baby pigs through their sale raised \$30,000 to help build the Cross.

Active of the hills of "The Illinois Ozarks," Presley had always been in love with their scenic beauty. But Bald Knob, a graceful peak that rises 104 feet and towers over all others, was always his favorite.

Started as Day Dream He remembers how it used to play peek-a-boo with him as he drove his rural mail route around the area's curving roads and says that he never looked at it, that he didn't visualize a white cross atop it. He dreamed that it could be tall and floodlighted so that it could be visible for miles around.

In 1937 as his first step, he organized an initial Easter sunrise service on the hilltop, and with his own hands, built a small wooden cross as the beginning.

On that cold, rainy Easter morning about 200 brave supporters drove up a winding, muddy road to join in that first sunrise service at Bald Knob. It was so impressive it became an annual event. A radio network also participated for several years. Today, about 5000 drive that same winding road (now gravelled) each Easter to spend from six to seven a.m. around the completed Cross.

Nearly 30 Years It has taken nearly 30 years and sometimes there were discouraging lags. Presley secured an initial \$40,000 loan from a local bank. The philanthropic pigs

added \$30,000. Individuals and organizations pledged support and contributions. Ralph Edwards' early television show, "This Is Your Life" told the story of Wayman Presley and the Cross in 1955 and more contributions poured in.

Today the one thousand ton steel and concrete cross represents about \$200,000. The floodlighting has been installed. A hospitality house and a snack counter is open daily. There are no charges, but contribution boxes are handy and there are booklets and souvenirs. There is adequate parking space and a scenic ledge for camera enthusiasts.

Last year more than 100,000 visitors turned off Route 127 at Alto Pass or off Route 51 at Cobden to drive the dusty, gravel road to the summit to stand under Bald Knob Cross.

Memorial Garden Planned Presley says only one more project and then his lifetime dream will be fulfilled. He wants a one-acre Memorial Garden around the Cross and says \$25,000 will do it. Now a professional tour-master, he is planning to lead four Holy Land tours this summer and hopes to raise additional funds for the Cross through them.

A weekend in Jackson and Union counties with a visit to Bald Knob as the primary goal can be a delightful outing for the whole family. There's hiking through hill and dale, Indian arrowhead hunting, extra special cool drinks from the many hillside springs and a veritable encyclopedia of native Illinois trees and birds. Bring a book on how to identify them. It will keep you busier than a jigsaw puzzle.

For further information on the glories of the area, write the Anna Chamber of Commerce at Anna, or Southern Illinois Incorporated at Carterville.

## Dog Owner Arrested

A hearing in magistrate court has been set next Wednesday for George P. Billick, 42, of 604 Jefferson street, Venice, who was arrested by Venice police on a charge of owning a dangerous and fierce dog and permitting it to run loose.

The charge was filed by Venice police after Billick's dog bit Susan Honnis, 20, of 612 Jefferson street on the lower right leg. She was treated by a physician. Police said Billick had not obeyed a previous order to confine the dog.

## Boys Set Fire to Shrub

Two boys were seen to use a railroad flare to set fire to a shrub at the Gulf Oil Service station, 3200 Namecki road, around the Cross and says about 3 p.m. yesterday, it was reported to firemen by the operators, Doris McKinnon and Donald Brown. Firemen extinguished the blaze and the loss was set at \$75.

## Two Cars Damaged

A collision at 21st and Adams streets at 12:10 p.m. Tuesday resulted in damage to autos driven by Joseph A. Wolton, 2944 Oregon avenue, and Joseph A. Papes, 2633 Center street, according to a report by police. Officers said the mishap occurred when Wolton started to make a right turn onto Adams street.

National Safe Boating Week  
Gov. Otto Kerner joined the Illinois Boating Council in pro-

claiming this week as National Safe Boating Week in Illinois. William T. Lodge, director of the Illinois Department of Conservation, requested all boaters who enjoy Illinois waters to re-

member that they are not alone on them. Warm summer weeks are many, but the weather and more chances for accidents.

"Fatal accidents have decreased and we think that the cause number under which the Illinois Boating Council product is made and name of the manufacturer, follows:

## Granite Cityans Guests Of Trinidad Governor

Dr. Christ Val Geroff, 2046 State street, and Ronald Ruppel, 2545 State street, are spending one of the most unusual vacations as houseguests at the Government House, Trinidad.

The two lifetime Granite City residents, who left for the Caribbean June 24 and will return late this week, are staying at the Port of Spain with Dr. Jerry Boos, son of the governor-general of Trinidad and Tobago.

Dr. Geroff and Dr. Boos are former classmates at the St. Louis University School of Dentistry. Ruppel is employed by Price, Waterhouse & Co., St. Ill., and two years at Ottawa, Louis. Their itinerary includes stops at San Juan, Puerto Rico, and Barbados, Montego Bay and Miami.

Hospitality at the Government House, which is surrounded by botanical gardens, has been excellent, the Granite Cityans report. Their activities have included sightseeing and deep sea fishing.

RED CARPET TREATMENT is being enjoyed at Trinidad by Ronald Ruppel (left) and Dr. Christ Val Geroff, both of Granite City, who are guests at the official home of the governor-general of Trinidad and Tobago.

### Renovations

Start for the Venice and Madison school districts, announced that a total of 190 pre-school-age youngsters are enrolled at that Head Start center.

Pre-school training programs for four-and-five-year-olds are being conducted at Blair school, Madison, where 108 children are registered; Harris school, Madison, 35 pupils; and Venice grade school, 47 students.

Vickers pointed out that an abundance of help from parents and teenage aides is available at Blair school.

## PARENT AID SOUGHT

However, he said, additional volunteers are urgently needed to help at both the Harris and Venice schools.

"Parental participation in Head Start is an important aspect of the overall program," Vickers said. "We urge all interested parents with youngsters enrolled in the classes to offer their assistance."

In other business, board members hired Mrs. Marie Ann Hay a speech correctionist, at a monthly salary of \$551. Supt. Pier noted the new faculty members formerly taught three years in the Venice school district and since that time has been employed two years at Kanakake, Ill.

He reported that state auditors visited the district within the past month to audit General Education Development and U. S. Elementary & Secondary Educational Title I funds and attendance records in connection with aid allotments.

## Budget Being Prepared

Items to be included in the 1967-68 school budget were viewed, with members of the building, finance and purchasing committees agreeing to meet at man, RIDC director of economic separate sessions to complete research.

The Trades Council's next meeting will be held July 19 at which the annual election of officers will be held.

Secretary John Ginterman reported balance of \$1365 in the activity fund and \$1558 in the restricted fund.

Resolutions were adopted authorizing transfers from the working cash fund of \$500 to the Illinois Municipal Retirement Fund, \$10,000 to the education fund for salaries and utilities, \$10,000 to Title I and \$1472 to the Title II fund.

The sum of \$785 was transferred from the bonds and interest fund to the working cash fund to repay a loan previously made.

labor has a bad image in this area," Reiske added.

The report discussed by the trades council was released earlier this week and said that "the number of indentured apprentices in the St. Louis area is appallingly low... even more alarming is the small number of apprentices completing their programs and thereby becoming full-fledged journeymen."

The survey of labor skills and availability in the area was re-

### B&PW Clubs Plan 1968 Convention

Mrs. Dorothy Paddock, state president of the Business and Professional Women's Clubs, announced today the probability of securing Miss Joan Crawford, the motion picture actress, as a speaker at the B&PW state convention in 1968.

Mrs. Mary Batson and Mrs. Florine Reed represented the local club at a quarterly district meeting held in the office of the county clerk in Edwardsville.

Committee chairmanships and other appointments in regard to the convention were announced and Mrs. Paddock stated that nearby clubs would be pressed into service for the convention as they are nearest to St. Louis. The various presidents were requested to submit a list of convention volunteers at the next district meeting Oct. 8 in Collinsville.

### WELCOME WAGON PARTY FOR MRS. RICHARDSON

Members of the Welcome Wagon club will give a party honoring Mrs. Minnie Richardson for her 100th birthday at Wilson Park Area Five at 9:30 a.m. Monday, July 10.

All friends and relatives of the honored guest are being invited to the special occasion, a Welcome Wagon spokesman announced. In the event of rain, the location will be Hope Lutheran Church, 3715 Wabash avenue. The family is holding a public open house honoring Mrs. Richardson from 2 to 4 p.m. Sunday at the Rose Bowl.

### FOUR-H CLUB ENDS SEASON

The Sand Prairie 4-H Club brought their meetings for the season to a close Wednesday in the home of the leader, Mrs. Olga Johnson, 2332 East 25th street. Eight were present.

The girls made orange floats and chocolate squares and discussed the talk given by two of the members, Charlene Wasylak and Carla Werlis, at a meeting of the Women's Club of Mt. Zion General Baptist Church recently.

### Caseville Artists Guild Offering 6-Week Course

The Caseville Artists Guild will offer a six-week basic art course beginning Saturday July 22. Classes will be held in the Caseville Methodist church beginning at 9 a.m. for six consecutive Saturdays.

The Guild's summer activities also include a planned competitive sidewalk showing of members' and outside artists' work to be held July 29 from 10 a.m. to 5:30 p.m. at the Carroll House store, Belleville.

Those interested in participating in the art course should telephone Mrs. Fay Payne at 344-9100, Ronald Isom at AD 5-3829 or Mrs. Kay McAtee at 344-0783. Artists interested in reserving display space for work should contact Mrs. Payne.

### 25th Wedding Anniversary

Former Major and Mrs. Robert B. Cowan, 2304 Gary avenue, were honored this week at a party on their 25th wedding anniversary.

The affair was given at the YMCA by the couple's daughter, Mrs. Joe Dicke and sons, Robert and Bradley, and among the guests were Mr. and Mrs. Charles Sebold, who were attendants at the wedding, and the Rev. M. W. Wilson, who performed the ceremony at Tri-City Park Assembly of God 25 years ago.

Mr. Cowan, a former command pilot and air traffic control specialist, is a veteran of world war II and Korea. He has completed 25 years' military service and retired last Saturday. The Cowans are both former Granite Cityans and they plan to make their home here. Mrs. Cowan is the former Yolanda Rickert.

### DAV Auxiliary Names Delegates

The DAV Auxiliary held a business meeting last night with Commander Wilma Dorch in charge.

A new member, Mrs. Ruth Nunes, was initiated and another member, Mrs. Patricia Macke, was accepted. Mrs. Dorch and Mrs. Irene Nienhaus were appointed as delegates to the national DAV convention to be held in Denver, Colo., in August.

Present at the meeting were Mrs. Helen Miller, Mrs. Dorothy Best, Mrs. Bertha Kiehl; Mrs. Louise Schieff, Mrs. Freda Puetowko and Mrs. Lillian Hefferty.

### Party Honors David Haldeman

David Haldeman celebrated his ninth birthday at a party given by his parents, Mr. and Mrs. Ralph Haldeman, 4008 Melrose avenue, Wednesday.

Flags and a red, white and blue tri-color scheme were used in the appointments and a guest took part in games and races. Prizes were awarded to all.

Those present were Jerry Barnett, Steven Crab, Jeff Hamilton, Steve Watson, the honoree, his brother, Michael, and sisters, Joyce and Nancy.

## Illinois Power Sets Electric Rate Cuts

Illinois Power Co. today announced new electric rates which will result in annual savings of \$3,000,000 to electric customers of the company. A petition to apply for the rates has been filed with the Illinois Commerce Commission. Approximately two-thirds of the reductions in rates will go to residential customers of Illinois Power, the balance to the commercial and industrial areas, effective August 1.

It is said about 94 per cent of residential electric customers will receive rate reductions, varying according to usage. For example, a user of 4000 kilowatt hours will see a reduction annually. The

is the one vital commodity that continues to decline in unit cost in these days of generally rising costs of living because of more efficient operation and the rising curve of electricity usage. "The company works constantly to increase the efficiency of our operations so the trend of lowered costs to our customers can continue."

Commercial and industrial users will share the savings, said a spokesman. The average will run about 4 1/2 per cent. "Probably the first to notice the downward trend will be the heavy users of home air conditioning as the new rates begin late in June."

Incorporated in Illinois, the company is a substantial electric utility. It is a public utility and its rates are applied to electric service.

\* Four times in the past five years, Illinois Power has reduced electric rates, for a savings to our customers of \$7,500,000 annually. What else that you buy consistently goes down in price?

## Signalman C. L. Williams Back from Perilous Duty

Signalman Clyde L. Williams, son of Mr. and Mrs. Clyde J. Williams of 1101 Reynolds street, has returned to Long Beach, Calif., after serving five perilous months of duty on the amphibious assault ship USS Princeton in the Western Pacific, it was announced today.

While in Southeast Asia the Princeton was flagship for the Seventh Fleet's Amphibious Ready Group, and spent the majority of her time in the coastal waters of Vietnam.

During this time the Princeton was engaged in four major landing assaults, including the highly successful campaigns at Hills 881 and 881 northwest of Khe Sanh, Vietnam.

The Princeton has been in almost continuous action since departing Long Beach last Jan. 30.

## Baptist Group Creating Recreational Program

Development of an association recreation program for all ages is now under way by the Madison County Baptist Association which will conduct the program on the organization's 40-acre recreation grounds at Mitchell.

Miss Delaney Thomas, a Christian Service Corps worker at Atlanta, Ga., is in the Quad City area and will spend the next two months assisting in coordinating and correlating the program.

Already organized and in action are the Royal Ambassador and men's softball leagues and a supervised play period for children four to eight years of age during the Royal Ambassador ball games. Miss Thomas supervises the children's games and activities during these periods with assistance of young ladies from various churches in the association.

During July on Mondays, Wednesdays and Fridays, various recreational activities will be scheduled for children nine to 12 years old from 9:30 to 11:30 a.m. A volunteer staff of young men and women from the different churches will direct the program, under supervision of Miss Thomas.

Plan Hobo Party  
Intermediates and young people of the association are planning a special Hobo Party to be held July 15 at 6 p.m. on the

recreation grounds. The party will include games, skits, hobo stew and a campfire service.

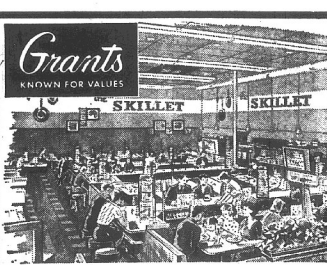

Members of the churches in the association have taken part in cleaning a small building which has been used for storage on the grounds in recent years. It will be ready for use in the July program for youngsters and also will serve as a game room for people in all age groups. Table games are being contributed by churches in the association.

Several items of playground equipment, including swings and sliding boards, have been ordered in the first step toward establishing a well-equipped playground.

Tentative plans for the summer months include the organization of an associational youth recreation day and a sing-spiration. Later, as the program develops, the committee plans to contact civic and police officials with a view toward establishing a ministry to aid juvenile delinquents.

Approximately 35 youngsters are participating in the four-to-eight year recreation program, but the number of participants in the overall program cannot be determined until all phases of the program are in operation.

## Building Work In GC Drops Sharply in June

The Granite City inspection department issued 45 building permits during June for construction work valued at \$164,526, a sharp drop below the \$478,946 value of work represented in 54 permits issued during May, a check of permit records showed today.

More than half of the June building permits were for remodeling and repair jobs. The 25 permits issued for this type of work involved construction valued at \$33,117. During May, 23 remodeling and repair permits were issued for \$20,000 in building value.

Largest value for any single type of construction was a total of \$86,000 for five commercial and industrial permits issued during June, but this also was below the \$136,000 value of work in nine permits issued in June.

New home construction in June amounted to only \$25,000, repre-

sented in two permits. During May, building work in this classification amounted to \$300,000, but included permits for eight apartment buildings, worth \$282,000.

Eight permits were issued in June for carports and garages having a total of \$7200, comparable to May when nine permits were issued for a total value of \$7416.

Five permits were issued for home additions during June, with a total value of \$12,129. In May, five permits were issued for home additions with a value of \$13,800.

Five permits also were issued last month for razing. Cost of the work involved was \$1090.

Marine Sgt. John R. Young Jr., a son of Mr. and Mrs. John R. Young sr., 2917 Forest drive, arrived home late Sunday evening following four years in the service.

He attended Assumption high school in East St. Louis and entered the Marine Corps immediately following his graduation. During his time in the Marines he was trained as an electronics technician and served in Puerto Rico and one year in Vietnam. He received his release from service at the New Rivers base in Jacksonville, N. C.

Due to delays in traveling, he missed a family reunion planned by his parents Sunday at their home, and missed relatives from California and Florida.

Guests attending the reunion were a brother-in-law and sister of Mrs. Young, Mr. and Mrs. Albert E. Farrens and children, Loretta, Mary, Marion, Albert and Charlotte Farrens of Somis, Calif.; Mr. and Mrs. John Ditch of Marathon, Fla., a brother and sister-in-law; Mrs. Myrtle Pless and son, Joe, of Woodlawn Terrace, Mo., another sister; Mrs. Young's parents, Mr. and Mrs. G. Baranby of St. Louis; Mr. and Mrs. Keith Probst and daughter, Dawn, of Edwardsville, a son-in-law and daughter of the hostess, Mr. and Mrs. Bill Nixon of St. Louis.

## BRIDAL SHOWER FOR

MISS CAROL ATKINSON

A bridal shower honoring Miss Carol Atkinson was given Sunday afternoon by Mrs. Abbie Bartling in her home, 2546 Pontoon road.

Miss Atkinson will become the bride of Charles Hacks July 14 at the Nameoki Presbyterian Church on Pontoon road.

Yellow and white, the wedding colors, were used in decorating the basement playroom. Streamers were hung across the room, with large white wedding bells. The serving table held a large papier mache bride as the centerpiece.

Misses Linda Bolton and Donna Bolton, bridesmaid and maid of honor, missed the honoree in opening her gifts.

Games were played and several prizes were awarded. A special prize went to Mrs. Maxine Ellington.

A dessert course was served by the hostess to those named and Mrs. Sharon Littlejohn, Miss Penny Cason, Miss Janice Hinkle, Miss Helen Kukarola, Mrs. Betty Atkinson, mother of the bride-to-be, and Mrs. Fred Hacke, mother of the prospective groom.

## GUESTS FROM IOWA

Mr. and Mrs. John Hogan, 3205 Wilshire drive, entertained his brother and sister-in-law, Mr. and Mrs. Thomas Hogan and children, Marcia and Mark Hogan, of Dubuque, Ia., for four days. They returned to their home Wednesday afternoon.

While here, they were entertained with several dinner parties at the home of Mr. and Mrs. Rex Hogan, Chris Hogan and daughter, Mrs. Emma Jo Weber, Mr. and Mrs. George Stevenson and Rex Hogan and saw a brother-in-law and sister, Mr. and Mrs. Harry Lowder and son, Nicky, of Vancouver, Wash.

## 25TH ANNIVERSARY OF

MR. MRS. LONNIE REED

Mr. and Mrs. Lonnie Reed, 1629 Courtenay blvd., observed their 25th wedding anniversary Sunday afternoon with an open house party in their home. They were married in Charleston, Mo., in 1942.

Assisting with the arrangements were sister of Mrs. Reed, Mrs. John Reed, Mrs. Nannie

tending were the sons of the couple, James and Charles Reed. The serving table held as centerpiece a large wedding cake and punch bowl. The gift table was decorated in silver and white, and a miniature bride served as the centerpiece.

## RETURN FROM VISIT

Mr. and Mrs. Emile Damotte, 2301 Missouri avenue, motored to Pekin, Ill., over the weekend to visit their son and daughter-in-law, Mr. and Mrs. Emile Damotte and daughter, Jackie Sue.

## Stop Sign Going In on Benton St. at 27th

Traffic on Benton street soon will be confronted with a new stop sign.

Approval was given Monday night by Granite City council members of an ordinance calling for traffic on the northbound, one-way street to stop at 27th Adams street or make a left turn in front of the northbound traffic to go east on 27th street.

The stop sign was requested by Seventh Ward Alderman Rob-

Following adoption of the ordinance, Alderman Whitmer called for an ordinance to be prepared for a stop sign on northbound Grand avenue at 23rd street—scene of numerous accidents.

The Traffic committee was asked by Robertson to consider replacing parking meter heads on the posts along Edison avenue at the city hall where spaces are reserved for city officers. Police Chief Veizer suggested, when the request was protested, that the

city adopt an ordinance specifying the reservations in order that the signs may be enforced properly.

However, council members approved Robertson's motion for the study to replace the meters.

## Charged with Fighting

Two men were arrested Monday evening in the 2700 block of Lincoln avenue on charges of fighting. They were Lee Harris, 46, of 2916 Pershing avenue, and Charles Lord, 52, of 2602 Denver street.

## GC Fireman is Commended By Head of Fire College

A letter of commendation was received Monday night by Granite City council members in which a city fireman was praised for honesty by an official of the Illinois Fire College held last month at the University of Illinois.

The fireman praised was Richard Werthe.

The head instructor for the fire college, W. J. Eckert, advised the city that Werthe had found a wallet containing \$126 while at the fire college and had seen that it was returned to its owner—an East St. Louis fireman.

"I'm sure he's an asset to your department, and it was my pleasure to have made this brief acquaintance with him," Eckert said.

Council members made the letter a part of the council meeting records.

Also pertaining to personnel, council members approved a \$1000 bond for police patrolman Glen Wright and authorized Police Chief Ronald Veizer to attend the annual convention of the Illinois Association of Chiefs of Police at Peoria July 23-25 with an allowance of \$125.

Approval was given for re-employment at a cost of \$24 a pair of eyeglasses for city fireman Robert Mosby, who broke his glasses while on duty at the Nameoki road station.

## Mother of Two Local Residents Dies Monday

Mrs. Antonia Sak, 72, of 2338 North 32nd street, Fairmont City, Ill., died at 8:05 p.m. Monday at St. Mary's Hospital, East St. Louis, where she had been a patient four days. She is survived by nine children, including a son and daughter who reside here.

Mrs. Sak was born in Poland and had lived in Fairmont City for 23 years. She was a member of Holy Rosary Catholic Church in that community.

Surviving are her husband, John Sak; six daughters, Mrs. Ernest (Mary) Nemeth, Detroit, Mich., Mrs. Joseph (Caroline) Sikora, Belleville, Mrs. Frank (Charlotte) Bozok, St. Louis, Mrs. Richard (Clara) Horbelt, Granite City, and Misses Stella and Helen Sak, both at home; three sons, Stanley Sak, Madison, Andrew Sak, East St. Louis, and Alexander Sak, Collinsville; and 22 grandchildren. A sister and two brothers in Poland, also survive.

Funeral services will be held tomorrow in Fairmont City.

## Special Census In GC to Start Late This Month

Granite City's special census will be started late this month, the city council was advised Monday night in a communication from Theodore Olsen of the Chicago office of the U.S. Census Bureau.

The city has \$10,000 in the tentative budget to conduct the census in compliance with a circuit court order that is pending on an appeal to the Appellate Court. Judge E. H. Streeter III has ordered the city to be redistricted as seven wards by December 1968, and the census is wanted by the council to determine if the city's population has topped 50,000 to qualify for eight wards.

Block-by-block counts are to be taken to prepare for redistricting. Mayor Partney said U.S. Census Bureau officials are to visit the city prior to the start of the count.

The city will be responsible for hiring personnel.

## Vandals Smash Windows

Robert Wildrick reported to police Monday evening that vandals had broken two storm windows at a house at 3200 Ridgeway avenue and also had smashed all of the windows in the garage. The garage had been entered and tools scattered about.

## Council Committee Wants Architect Hired to Design New City Hall Building in GC

### Grease Gun for Street Dept. to Cost \$500

The grease gun included in Granite City's proposed new budget for the street department is listed at \$500 instead of the \$800 figure which appeared in Monday's issue.

With the greasing equipment, the maintenance cost for city vehicles is expected to be reduced.

Granite City aldermen were asked Monday night by Alderman Bartosiak, chairman of the City Buildings committee, to reconsider their action at last Thursday night's special budget session when they rejected a \$10,000 item to hire an architect to plan a new city hall building.

Bartosiak said the city has outgrown the present building, which "not only is inadequate, but also presents problems to persons coming to the city hall who are unable to find places to park their cars."

The aldermen pointed out that the council at one time had decided to spend \$280,000 to build a new police station on the city block at 2300 Madison avenue, but then dropped the proposal.

All on One Floor  
"Perhaps we should go ahead

with the plan and include a new committee has noted the increase in the number of payments that must be made at the offices on the ground floor. There are lots of people who come to the city hall and have to climb 30 steps to pay a sewer bill."

Bartosiak called for aldermen to "just visit the city hall some day and see how many people come here."

He said the City Buildings

commissioned number of traffic fines, and we'll be adding about 500 more people when we put in the new sanitary sewers in North Granite and other places."

Adjacent Property Too Costly  
Attempts to get adjacent property for parking has been futile because of the high cost of the property, he stressed.

"It used to be just taxes and city licenses and an occasional fine payment that brought people here."

"Now we have the Nameoki area sewer payments, the sewage treatment plant payments, the parking meter fines, an in-

## City Dump Closing Hour Continues To Be Problem

More complaints of Granite Cityans being turned away from the city dump prior to the 5 p.m. closing hour set by the council were brought out during Monday night's council session.

Mayor Partney said he is certain the problem will be solved, as he has written National Disposal Co. to send its top officials here to review such complaints.

"The complaints began coming in," the mayor said, "when the company transferred its manager assigned here and gave the local job to a truck driver."

Rutledge said a local man had gone to the dump with a load of trash and upon arriving at 4:15 p.m. found the gate locked. "He had to go to a dump across the highway and pay \$2 to get rid of the trash."

Alderman Jarrett spoke up and said that he was on his way to a Cardinal baseball game one evening last week and about 7:30 p.m. saw a St. Louis tree trimming firm truck go through the open gate at the city dump loaded with tree limbs.

The mayor said he would investigate the incident since the city itself is not hauling tree limbs to the dump since burning is prohibited by the state.

## Camp Meeting Begins Sunday at Sunset Hill

The annual camp meeting of the Pentecostal Church of God will open Monday, July 10, at the Sunset Hill camp grounds with the first service at 7:30 p.m. Monday.

Three services will be held daily during five-day period, and taking part will be Rev. C. M. O'Neil, Rev. Donald Friar, who is camp evangelist, and Rev. A. L. Wunsch, district superintendent.

The camp is located north of Old U.S. 66-40 at the bottom of Sunset Hill.

## Mayor Partney to Visit Washington Next Week

Mayor Partney announced at Monday night's council session that he will be in Washington, D.C., next week.

The mayor said he plans to combine business with pleasure by attending the national convention of the Shrine Club and also to meet with representatives of various federal agencies to determine the availability of federal grants to the city.

## Public Housing Officers To Hear Dick Gregory

Negro comedian Dick Gregory, an alumnus of Southern Illinois University, will speak to public housing officials at 1:30 p.m. Monday at a SIU-SW-sponsored conference at Pere Marquette State Park lodge, Grafton.

Representatives from the Granite City and Madison County public housing authorities are expected to be among those attending the four-day program, scheduled to start Sunday.

The program is entitled the "Fifth Annual Conference for Code Enforcement and Public Housing Officials."

The Chicago showman and civil rights leader will discuss the topic "What is to be Expected in Racial Relations?"

His talk will precede that of Arthur E. Rosfield, assistant secretary, Department of Housing, Washington, D.C., who speaks at Tuesday's seminar on "Big Brother is Watching You."

Both will be among several authorities scheduled to speak daily Sunday through Wednesday on topics related to housing.

Norman Johnson, coordinator of SIU relations, said the purpose of the meeting is to sound out new ideas and methods of achieving equitable housing and code enforcement practices.

Other speakers on the agenda include Spencer D. Parraff, professor of political science at Syracuse University and renowned expert on administrative law; Mrs. Ann Voss, president of a St. Louis public relations firm; Philip Maranto, assistant professor in SIU's Public Administration and Metropolitan Affairs program; and Roger W. Ladd, president of the Home Builders Association of Illinois.

The conference is supported by the federal Department of Housing and Urban Development and the Illinois Association of Real Estate Development.

## GC Teachers Attending Gifted Child Institute

An eight-week institute for the development of leadership personnel in the state of Illinois program for gifted children is being conducted this summer by University of Illinois department of special education at Urbana. Local teachers enrolled in the course are William R. Brinkhoff, 3328 Maryville road, and Mrs. Carol R. Gotschall, 2112 Madison avenue.

The institute, which ends Aug. 10, is supported by a \$50,000 grant from the department of program

development for gifted children, state office of superintendent of public instruction.

The study will include teaching groups of gifted children in language arts and social studies and development of flexibility, creativity and similar attributes, according to Adrian J. Durant Jr., institute director and a U. of I. visiting professor.

Participants also will learn about characteristics and approaches to the education of the gifted child. A major part of the eight-week instructional series will be training of administrative personnel in educational programs for gifted children.

## REMEMBER: IT'S A GOOD DAY FOR BUYING A HOME!

If you want to  
buy or sell  
real estate in  
faraway  
places, see  
your Realtor!

Why go selling off on your own? You can save yourself weeks of time and expense by seeing your Realtor. He has over 10,000 colleagues nationwide. He simply contacts other Realtors who serve areas you're interested in—whether nearby or across the country. A Realtor is a professional in real estate who subscribes to a strict Code of Ethics as a member of the local board and of the National Association of Real Estate Boards.

So if you're thinking of buying or selling in unfamiliar territory—or if you want to put your own property up for sale—take advantage of your Realtor's contacts. Look for this seal, which only a Realtor may display.

### In Memoriam 33

In loving memory of WILLIAM NICOL, who passed away one year ago.  
Dear father, you are not forgotten.  
Though on earth you are no more,  
Still in memory you are with us  
As you always were before.  
Sadly missed by CHILDREN 33-6

### In Memoriam 33

In loving memory of CATHERINE MC GEE, July 7, 1962.  
Peaceful be thy rest, dear sister.  
It is sweet to breathe thy name;  
In life we loved you dearly,  
In death we love thee same.

### Six-Month Report

Traffic accidents in the Quad-City area during the first half of this year, as well as the number of traffic injury victims and fatalities, were running well behind the 1966 rate for the same period, statistics showed today.

The decline in the traffic toll, persisted at the end of the first month in spite of the fact that the number of accidents and injuries were down sharply from those of June 1966, when

five persons died in Quad-City area accidents. Last month there was only one. There were 19 accidents in June, 130 month ago.

At the end of June the number of traffic accidents for the months of the year stood at 861, with 634 persons injured and 11 fatalities. During the same six-month period of 1966 there were 1167 accidents with 677 injuries and 17 fatalities.

While the June statistics exceeded those of the same month a year ago, they showed a drop below the accident rates of the

SISTER MARY ADRIANNE OBSERVES ANNIVERSARY  
Sister Mary Adrienne observed her 30th year as a nun in the home of her cousin, Mr. and Mrs. Paul Kube and son, Ronald, 715 Washington avenue, Madison, Tuesday.

Sister Mary has been in Kansas City, Kan., for the past two years and now plans to go to Canada for a vacation and rest. She will then go to Warton, Va., for an indefinite stay.

Relatives of Sister Mary meeting at the Kube home to spend the Fourth of July were Mr. and Mrs. John Sebelius of St. Louis, Mr. and Mrs. Richard Kube, Clayton, Mo., and Mrs. Joseph Kube, Florissant, Mo., Mr. and Mrs. Pat Burton and son, Jim, Mr. and Mrs. John Ziegler, Mr. and Mrs. Edward Kube and sons, Kenneth and Edward Jr. of Granite City, and Mr. and Mrs. David Jasadowicz, Mr. and Mrs. Woodie Wilhelmy and Mr. and Mrs. Gene Robert and son, Gene Jr., and daughter, Lisa, all of Madison.

The afternoon was spent with dinner being served and pictures being shown of recent vacations and trips by members of the families.

Mrs. Jack P. Taylor was matriarch of honor for her sister-in-law, the former Miss Linda K. Taylor, who was married July 1 at the First Presbyterian Church, Granite City. Mrs. Taylor was attired in an A-line, floor-length gown of sea spray blue, with a flat bow above an

## Newspaper-Classroom Workshop Scheduled

The fifth annual Newspaper in the Classroom Workshop of Southern Illinois University's journalism department will be held July 24 through Aug. 2.

The workshop is specifically designed for teachers in junior and senior high schools and in the upper elementary grades. It will explore the most effective means of using the newspaper as a classroom teaching tool.

The course of study will include a series of lectures and discussions and participation in group projects. Teachers will become familiar with newspaper content and wire service reports. Participating in the workshop program will be members of the SIU journalism staff, a panel of teachers from the St. Louis area, and members of the St. Louis Globe-Democrat.

Detail on attendance are available by writing Howard R. Long, department, at the Carbondale chairman of the SIU journalism campus.

## 49 Quad-City Students On SIU-SW Dean's List

## Education Exhibit Next Week at SIU

Teachers and administrators of area public schools are invited to attend the 30th annual Educational Materials Exhibit which will be held at Southern Illinois University - Carbondale campus on Tuesday, Wednesday and Thursday, July 11-13.

More than 90 materials suppliers and manufacturers will send representatives to the meeting, and a number of equipment demonstrations are scheduled.

Among the numerous types of educational adjuncts to be shown are such items as maps, globes and charts; art materials; filmstrips and other audio-visual aids of all kinds; library equipment and textbooks.

Exhibit hours on Tuesday and Wednesday are from 8 a.m. to 4 p.m. and 1 p.m. to 3:30 p.m., and on Thursday from 8 a.m. until noon.

Sponsor of the exhibit is the Illinois Bookmen's Association, assisted by the SIU Extension Division.
